## Cutting Edge Electronics

Your guests want a good night's sleep, but they won't get it when the alarm sounds to a time set by a previous guest.

Hotel Technologies makes those rude awakenings impossible with the only genuine **Single-Day Alarm** (patent pending) available to the hotel industry.

Our clock radios feature a unique **MP3 Line-In Jack**, so your well-rested visitor can plug in any MP3 player and enjoy digital sound without headphones.

**SINGLE DAY  
ALARM**

## High Fashion Soft Goods

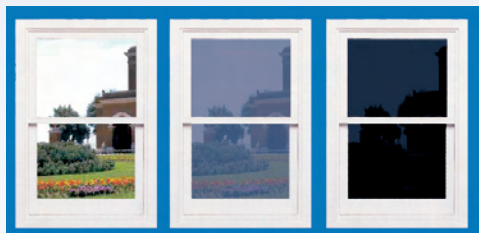

Your demanding guests expect style and comfort, and they'll remember the pampered pleasure of a dazzling room decorated by Hotel Technologies' world renowned designers.

Our soft, 100% cotton **Bleachsafe™** towels, apparel, bedding and bath accessories in **vibrant colors** surround your guests in luxury they hate to leave.

Absorbent, long-lasting, low maintenance Bleachsafe™ brand fabrics. Another secret to a satisfying stay.

For Soft Goods, please contact Chris Gowdy, ext. 3-445  
For Designers, please contact Peter Felberbaum, ext. 3-432

## SPD-Smart™ Windows

## Room-Transforming Windows

This amazing window solution from Hotel Technologies lets guests control the precise amount of light that enters their rooms, without blinds or shades that obscure views.

And with our innovative **"Sunrise Grad-U-Wake"** timer feature, guests can even wake up to gradually increasing daylight.

SPD-Smart™ windows reduce maintenance and increase energy efficiency. And guests will see your hospitality in a whole new light.

For SPD-SmartWindows information, please contact Peter Felberbaum, ext. 3-432
